A Guide to our Services

Busbys is a team of dedicated lawyers serving the needs of North Cornwall, and North and West Devon. Most of our staff have lengthy connections with this lovely part of the South West. We know the local people and our aim is to provide the best possible legal services for them - working with them, as a team, together. That is why we offer a full range of legal services to you.

Moving Home

Emotionally and financially, moving home is one of the most important occasions in our lives. We understand how essential it is to make it as trouble free as possible. We provide all the legal help you need. Our quotes are highly competitive. We have a wide knowledge of the local housing market, and we can help you with your mortgage.

Your Business

Running a business gets more and more stressful every year. We can assist you in your business start-up, with your business plan, and with your business premises. We can assist in drafting contracts of employment, partnership agreements and health and safety considerations. We also assist clients in the hotel, public house and catering sectors with their licensing needs.

Your Will and Financial Affairs

Only 33% of adults make a will before they die. Their wealth and assets do not often go to those they want to benefit unless they make a will. We provide a comprehensive range of services offering you help and advice on wills, planning your estate, Inheritance Tax, Lasting Powers of Attorneys, residential care costs, probate and administering estates, deputyships and dealing with the Court of Protection.

Your Family Life

Two in five marriages in England end in divorce. Often there are children involved. Many now live in relationships outside marriage. We are able to guide you through the minefield because we have one of the most experienced family law teams in the South West. We can help you with your divorce, all issues concerning your children, your house and your assets. We can assist with pre-nuptial agreements and with separation agreements. Wherever possible we will try to solve your problems by negotiation.

Accident Claims

We have a specialist solicitor who can deal with your accident claim. We deal with claims ranging from minor injury to maximum severity, from a few hundred pounds to several millions but we treat everyone the same. We want to help you to get the maximum compensation to which you are entitled under the law. We show you how to reduce your costs liability to an absolute minimum. We offer a free first interview to assess your prospects of success.

Claims through the Courts

We represent clients, be they claimants or defendants, in all types and at all stages of court actions. We will draft all the necessary court documents for you, advise you throughout, and represent you in court hearings.
